

Call for applications Tanzplan Potsdam: Artists in Residence

15 January 2009 (post-marked) is the closing date for applications for residencies for the second half of 2009 (August-December 09).

The programme "Tanzplan Potsdam: Artists-in-Residence" offers international choreographers the opportunity of several weeks work residencies in the fabrik Potsdam.

Proposals for research-oriented residencies from the fields of dance and choreography that would include collaborations between different artists, theorists as well as experts from other disciplines or which formulate an interest in such dialogues in the framework of a concrete research process will be particularly supported.

The residencies provide, where appropriate, a rehearsal studio at your sole disposal. Travel and fees are financially supported. Individual guidance during the residency is possible and can include the research and distribution of contacts and possible dialogue partners as well as organisational, technical and artistic advice.

Applications should include a residency proposal and as far as possible, information about work to date. **Postal submissions only** to:

fabrik Potsdam
Tanzplan Potsdam: Artists-in-Residence
Schiffbauergasse 10, PF 600607
14406 Potsdam, Germany

Applications accepted in English or German.
Applications postmarked after the deadline will not be accepted.

All complete applications will be considered and replied to in writing (by e-mail).
Residents are selected by a panel.
Please note that we can unfortunately not return your application material to you.
